## Brothers Of Mercy Receives Deficiency Free Survey

Clarence, NY- The Brothers of Mercy Wellness Campus have achieved a deficiency-free survey from the New York State Department of Health.

Every year, the Department of Health (DOH) conducts a survey of all nursing homes. Since Covid-19 hit New York State in 2020, the DOH has been unable to conduct their full surveys. The Survey Team of 8 reviewed 3 years' worth of medical records, observed the care and treatment of the residents/patients and interviewed team members over the course of 5 days.

A deficiency-free survey indicates that, during a center's most recent state inspection, surveyors found zero deficiencies in care, services, or the environment. When a facility receives a deficiency-free state survey, it means you or your loved one can expect the highest level of care in a most favorable environment.

**About Brothers of Mercy Wellness Campus:** Ranked 14<sup>th</sup> on Newsweek's "America's Best Nursing Homes List", along with ranking as Western New York's largest retirement community, 5-star Skilled Nursing Center, and independent living community by Buffalo Business First, the Brothers of Mercy's not-for-profit, Catholic mission has been serving WNY seniors for almost 100 years.
