## High-Quality Care:

It is a fundamental right for a patient to choose their preferred rehab facility as long as it does not delay discharge from the hospital. Patients should carefully consider quality of care, patient satisfaction surveys and efficiency of care along with location.

**The Brothers of Mercy has achieved the highest 5-star rating from the Centers for Medicare and Medicaid (CMS) services since May 2014.**

### **Clinical Services:**

- Skilled Nursing Care & Therapy

### **Patient & Family Satisfaction:**

The New York State Department of Health surveyed The Brothers of Mercy in 2024 and the rehabilitation center achieved a 100 percent satisfaction response from interviews with more than 75 residents, patients and families.

*"After a stroke, I couldn't even raise my arm when I got here. Now, I'm ready to get back to my veggie garden and mow the lawn! The therapy staff was amazing. They are very caring, concerned and patient. I made such great progress that it was very encouraging for other patients to keep improving in their rehab."*
